COMMENTS FROM THE TOWN MANAGER'S OFFICE

Anyone who isn't registered and enrolled can do so any time except the day before the primary election. Anyone who is just registered but not enrolled can enroll anytime except the day before the election. If there are any questions about registration or enrollment, I will be glad to answer them.

More work has been done on the Mechanic Street project. The grade has been changed a little and the street has been widened a little on the lower end. About the only work left to do on the street now is the soil cement and final tarring. The whole process shouldn't take over two days. The old tar will have to be ripped up and most of it hauled away. The cement will then be spread and mixed with the existing base. After it is thoroughly mixed, water is added and the mixture is compacted. The job will be done in about three weeks.

The highway crew is doing some work on Paradise Street. The ditch has to be dug out and gravel filled in before the street is tarred.

The insect control spray will be applied before this week end. I talked with Mr. Virchow and he said that the chemical shipments have been slow this year but he has enough on hand to do the town.

Mr. Windship, the state aid construction engineer, was in the office Monday. He is preparing some material concerning our state aid project. We should know in a couple of weeks where our state aid reconstruction project will be located.

Michael Houllihan

Mrs. Hugh Miller of Brownville Junction arrived today to spend the week end with her daughter, Mrs. Wallace Saunders, and family.

Dickie Ramage will arrive home from Norwich University, Northfield, Vt., on Saturday. On Sunday he will enter the Mary Hitchcock Hospital in Hanover, N. H., for surgery.

Marjorie Berry, daughter of Mr. and Mrs. Francis Berry, celebrated her fourth birthday on Wednesday. Those present were: Pattie Owen, Marianne and Carolyn Cousins, Betsy Davis, Marjorie, David and Scott Berry.

It is reported that Mrs. Leonard Knowles has sold her home, the former Upson property on Broad Street, to Mr. and Mrs. Burdick W. Pierce of Connecticut. Mrs. Knowles will move next week to an apartment in Portland.

16 BETHEL SCOUTS ATTEND CAMPOREE

Sixteen members of Bethel Scout Troop No. 166 and two adults took part in the Annual three-day Camporee of the Bangor District, held at Tumbowden Mountain Campsite in Vero on June 3, 4, and 5. Saturday evening was the traditional campfire program with many parents and friends attending the event. District officials estimated that there were 1999 people present, including Scouts, officials, leaders, parents and friends.

Those attending from Bethel were: Bill Eames, Craig Paul, James Perkins, Dickie Waldron, Dave Hutchins, Robert Everett, Dickie Paine, Tommy Davis, George Nickerson, Charles Jacobs, Robert Saunders, Ivory Currier, George Angevine, Roger Wheeler, Mike Jenkins, Jammie Young.

"A BOY AND HIS DOG"

I don't believe that the love which a boy has for his dog ceases when he becomes a man. If it does, then I guess I am just a seventy year old boy who still loves his dog.

A week ago Monday my dog, Smokey, broke away from Dr. Greenleaf's Kennels, through no fault of anyone connected with the Kennels. In our search for her we contacted many people in and around Bethel and West Bethel, everyone of whom expressed interest and a desire to assist in our search.

Through the efforts of these kind people, not only was my dog restored to me but also my faith in the good fellowship of man.

I wish it were possible to name everyone who was helpful to me but space available prohibits it. I do wish to thank particularly Mrs. Phillips Brooks, Mr. and Mrs. Edw. Wheeler, Mrs. Celia Gorman, Herbie Lyon, Cynthia Mason, and Dr. Greenleaf and his staff, who were especially helpful in finding my dog.

Anyone reading this, whom I contacted in my search, may be assured of my deepest appreciation of their help and consideration.

Smokey is more than just a dog. She is an important member of our family.

WIGHT BROOK STEP FALLS OPEN TO PUBLIC

Wight Brook Step Falls is now open to the public through the efforts of the Maine Chapter of Nature Conservancy. Wight Brook crosses Route 26 about one mile south of Screw Auger Falls, fifteen miles from Bethel. From the parking field at this point a trail follows along the brook to the foot of the falls one half mile from the road. The "steps" of the falls rise for a distance of over 700 feet from this point.

The Maine Chapter has acquired the property on the east side of the brook and has an option on the west side. As Nature Conservancy does not retain possession of nature preserves, its purpose being to acquire areas to prevent commercialization or private ownership which would bar their use by the public, it will be offered as a gift to the State once it is fully acquired. Being situated in the general area of Wight Brook, it is hoped that it will become a part of the proposed State Park.

CARD OF THANKS

We wish to sincerely and gratefully thank our many relatives, friends and neighbors for their thoughtfulness and kindness shown our loved one during his illness, stay in the hospital and after his return home.

Again we thank you all for your expressions of sympathy shown us in our bereavement. We especially wish to thank Fraternal Lodge K of P, the I. W. Andrews & Son Funeral Home and Rev. Joseph Bradley.

TODAY'S MEDITATION

Thursday, June 7

Read Ephesians 3:14-21
We are his workmanship, created in Christ Jesus unto good works. (Ephesians 2:10.)

After the early worship service in a chapel one morning, I remained in the pew and meditated for some time. At first lost in thought, I did not notice the man who was placing hym-

The reception was held Sunday afternoon at Songo Lake Pavilion. The bride's aunts, Mrs. Glynda Witter and Mrs. Claude Mountain, made the wedding cake, which was cut and served by Patty Revolt, Mr. and Mrs. Glynn Witter served at the punch bowls. Mrs. Chandler DeMille served coffee and Mrs. Harry Robinson served refreshments. Mrs. William Bryant, sister of the groom, had charge of the guest book.

Mrs. Moffett attended Bethel schools, graduated from Gould Academy in 1950, and had one year of training at N.H.S.N. School in Concord, N. H. Mr. Moffett attended South Paris schools and served six months in the USAF. They are both employed at Newton and Tebbets, West Bethel, and are residing on Vernon Street, Bethel.

nals in the racks and collecting copies of the order of worship left in the pews. As he approached, I saw a profound smile in his old rugged face. Shining rays of willing and blessed service seemed to radiate around him.

Each of us has responsibilities of stewardship to face. We have work to do which may generally be considered menial. However, our responsibilities in daily life become rare privileges for honoring God when we put ourselves into our work with willing hearts, pleasant attitudes, and thoughts—with a spirit like Christ's.

Yes, such stewardship not only becomes a privilege but also a reason to all and sundry to Christian action, dedication, and service.

PRAYER: Let Christ shine in us, O Lord. May whatever we do, think, and say this day help those around us to feel the greatness of His love and see the beauty of His life. In His name, Amen.

Thought For The Day
It is Christ's spirit in us which makes our stewardship meaningful.

COUNTRY FLAVOR

LONG NIGHT MOON

There is something about June that sets it apart. The sun rises high in the sky and the blue is deep at the zenith. Green-gold grass waves ripple across meadows and upland fields; daisies star the green carpet and flaming Devil's Brush paints bright pictures on hillsides.

A countryman's poll indicates that the sixth month is the favorite of more than half our citizens. Days are warm and Spring's moisture pushes the crops; birds are busy with housekeeping, and down in the swamps young muskrats begin

to poke around the pools and hummocks.

Rich and glowing is the green in the lowland and deep the green on hillsides and mountain shoulders. Each day more flowers open their hearts to the sun, until on June twenty-first more flowers are probably open than on any other day of year. Walk a sunlit meadow or drive a country road and you will harvest the beauty that comes with the longest day.

The song of the mowing machine sounds across the fields as farmers hasten to harvest the crop while the maximum of food value is in this humble herb. The spicy-sweet fragrance of wilting grass

Four alarms have been sounded for the fire department during the past two weeks, three of which were for small fires. spreads across the countryside.

It is June—a time of pulsing, purposeful activity in Nature's world—a time of savoring as flowers offer their nectar to bees, and the warm humus of field and woodland pushes seedlings upward.

It is a good time of year with misty dawns and flaming sunsets, Sunlit fields and glowing hills paint a picture for the heart to cherish. The glory on the land and the music of the birds is part of the reason why the human heart responds to the loveliness that is June.

That Maine has held the rank of 3rd in rating with the other 49 states in the last ten years. He pointed out that 250 will graduate in Ph.D. math, in the United States and that 10,000 are wanted in jobs in Ph.D. mathematics; that TV would provide this in schools where they are financially unable to hire trained teachers; that tests have proven students taught by TV came out 1st, that it taught them to think for themselves is a challenge to today's youth, and that there would still be jobs for today's teachers.
